

**Job Title:** Civil Engineer  
**Location:** Larnaca, Cyprus  
**Company:** Ohana Properties

**Ohana Properties**, a dynamic company in the field of real estate development based in Larnaca, is seeking a young and motivated **Civil Engineer** to join its technical team.

**Responsibilities:**

- Communicate with clients regarding design modifications, clarifications, and participation in cost estimation processes.
- Meet with potential clients and present ongoing or upcoming projects.
- Monitor the progress of construction works.
- Prepare technical specifications and project sales documentation.
- Participate in project design and coordinate with external consultants and engineers.
- Track and control project budgets, identifying and recording variances.
- Support the permitting process and liaise with relevant authorities.
- Conduct site visits to inspect progress and ensure quality compliance with construction drawings.
- Manage and coordinate the completion and snagging process.

**Requirements:**

- Bachelor's degree in civil engineering.
- 2–3 years of experience in the construction sector.
- Good knowledge of **AutoCAD** and **MS Office**.
- Excellent knowledge of Greek and English language.
- Strong organizational skills, reliability, and ability to manage multiple tasks.
- Valid driving license.

**We Offer:**

- Competitive remuneration package.
- Continuous guidance and support from an experienced team.
- Opportunities for training and professional development.
- Involvement in high-quality projects in the greater Larnaca area.
- Modern and supportive working environment.

**How to Apply:**

Interested candidates are invited to send their CV to **an@ohana.cy**.
